

# PALLET TRUCKS

## JET PT SERIES HYDRAULIC PALLET TRUCKS

**HEAVY DUTY**

- High quality 5500 lb. capacity
- 3 Position control lever automatically returns to neutral position. Handle operates from rear and sides and returns to upright position when released
- Ergonomic handle grip for operator comfort and positive control
- Totally sealed hydraulic pump for reliable leak-free operation. Built-in overload protection and top of stroke bypass valve prevents damage
- Slow lowering hand control valve for optimum control
- Large diameter polyurethane coated steel steer wheels and polyurethane load rollers for maximum manoeuvrability and smooth transport of heavy loads.
- Steering column swivels 202°
- High tensile steel frame and one piece "C" section forks with welded reinforcement for superior strength
- Fully adjustable push rods for fork height adjustment
- Entry rollers in front of load rollers allow easy entry and exit from pallets
- 27" x 48" forks are extra wide for maximum strength
- Grease fittings at all key points

# MOBILE LIFT TABLES

## JET SLC SERIES HYDRAULIC SCISSOR LIFT CARTS

- Hydraulic table designed for lifting and lowering
- Foot pedal for easy table lifting
- Wire control for convenient operation is superior to knob control
- Large table size
- Wheel stops for positioning cart
- Polyurethane casters for smooth travel
- Industrial quality
